NVN-084650, OR-64807, UTU-82880, WYW-171168

Dear Mr. Mackiewicz:

Ruby Pipeline, L.L.C. is requesting that its application for the above referenced Project and related serial numbers be amended to include the following Project route adjustments. These are shown on the enclosed Project maps along with the previously provided legal descriptions of the affected parcels. The application amendment request covers lands managed by the Bureau of Land Management in Nevada and Bureau of Land Management and Bureau of Reclamation in Oregon.

Newmont route adjustment in Nevada to accommodate mining concerns by Newmont Mining.

Southern Langell Valley route adjustments to avoid and minimize impacts to cultural resource properties.

Please let me know if you need any additional information. I can be reached at 719-520-4450.  
Thank you for your time.

Sincerely,

  
Daniel Gredvig  
Ruby Right of Way Project Manager
